# Interior Designing Commercial

**A well-designed commercial space has become a necessity in recent times. Be it the work-space or retail stores, proper space planning plays a significant role in employee and customer satisfaction. A warm and welcoming office space imparts positive vibes, while a busy, cacophonous, and cold ambiance can lead to irritation and impatience.**

**Thus, it is imperative that all aspects of commercial real estate properties, whether physical or environmental, need to be implemented with thoughtfulness.**

# 3D Modelling and Designing

We create your floor plans in 2D and furnish your home in 3D, while expressing your decoration style.

Every Design Connected models set is a curated selection of premium 3D models perfectly matched into a ready-to-use arrangement.

Design Connected collections are professionally picked and combined with 3d models grouped by style and interesting themes.

# Home Decor

A home is what you make it! So turn the four walls of your house into a home with aesthetic Decor, making it a place for memories to be born. In India, home Decor exists since the royal era. Palaces or mud houses, everyone loved decorating their homes back then. Home Decor plays a vital role in setting the ambiance and environment of your house. A single change in the color or lighting can impact its entire feel. If classic is your taste, then you can go for a traditional or vintage Decor theme. You wish to follow the trends, then a modern or contemporary theme is the ideal pick. Remember, your home Decor expresses your personality.

# Smart Switches Solutions

You can use your smartphone to control power to a smart plug, making smart outlets and energy-saving device for any room.

If you don't want to swap out your regular lightbulbs for smartbulbs in bedroom lamps, smart outlets are another easy way to give you smartphone control over your lights. And if you connect the outlet to your smart speaker, you can enjoy the convenience of voice-activated light and appliance control.

# Lighting Solutions

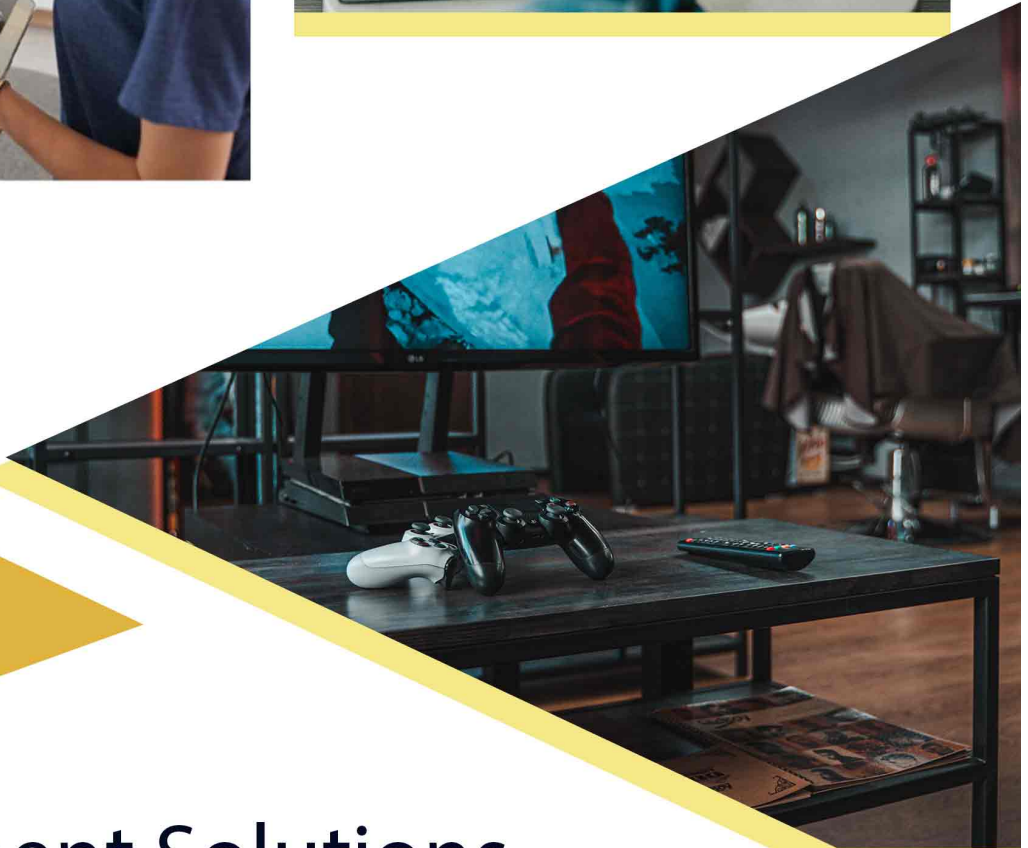

Turning lights on and off isn't exactly a major inconvenience, but smartbulbs offer quite a few surprising benefits for your home and your wallet. You can set the luminosity of the lights as per your likings.

## Motorized Controls

Anything that moves can be controlled through home automation. Adjust the curtains, shades, or blinds to keep the late afternoon sun out of your eyes without getting up.

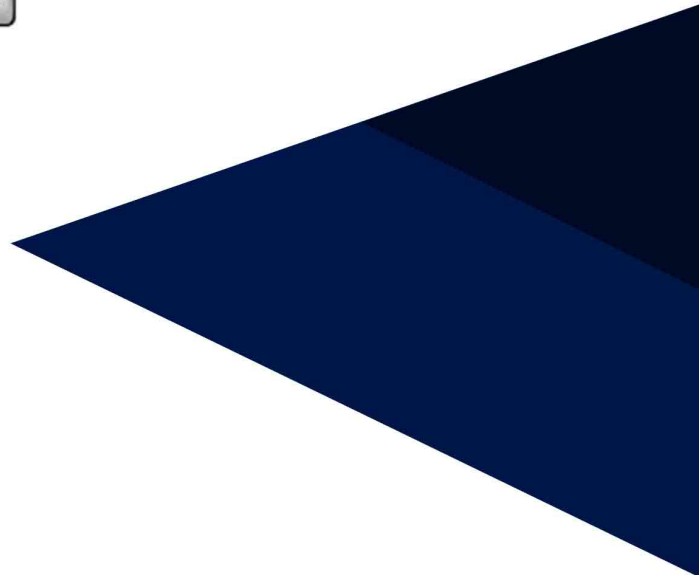

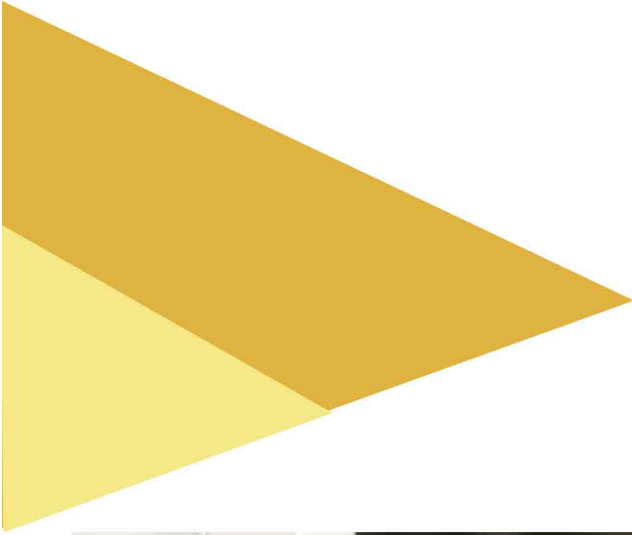

# Entertainment Solutions

When you're looking for the best home entertainment devices, it's easy to get overwhelmed. Believe us, there are thousands.

Out of all the areas of home automation, entertainment is literally overflowing with tech, so we are stripping things down to basics for you today.
